

## RWBA Distance Learning Work:

**FACULTY:** Social Science

**Teacher :** Miss G King

**DEPARTMENT:** Law

**EMAIL:** [gking@rwba.ascendlearningtrust.org.uk](mailto:gking@rwba.ascendlearningtrust.org.uk)

**Course:** BTEC Uniformed Protective Services

**Objective:** To introduce you to the subject and your coursework unit

**Activity:** Research

**Time to be allotted to this task:** 2 hours maximum *NOTES: Work can be typed or handwritten, Name on the top.*

### **TASK:**

#### Understanding individual's behaviour

During your study of this course, you will be looking to understand why individuals act in certain ways and how we conform and show standards of discipline.

1. Start by researching the theory of Albert Bandura and B.F Skinner – Produce an overview of their key findings and his experiment.
2. Then continuing on your overview consider a time where you have copied the actions of others and learnt from them or think of a time where you did not copy those actions. Why was this the case? When are you more likely to copy? Or times where you followed punishment or positive reinforcement? What worked?
3. For a second separate task find an article that discusses police standards in the UK – What happened in the article, what issues have been raised with the police? What issues do you see with the police and what has been or could be done?
